- Popular range of standard
- solid wood species available.
- Wide range of veneers on fire retardant particle board or MDF core.
- Interior or exterior finishes available
- Can be finished on all sides for wall applications
- Micro-Perf options available

## STANDARD WOOD SPECIE

**ASH**

**CHERRY**

**MAPLE**

**BIRCH**

**RED OAK**

**WHITE OAK**

**Note: The full range of specie and veneer cuts is available**

### **ACOUSTICAL PERFORMANCE**

**AWD Pro Series Baffle system acoustical performance is dependent upon the properties of the material above or behind the grille. The wood Baffles themselves are considered to be acoustically transparent.**

### **FIRE RETARDANCY**

**AWD Pro Series Baffle system can be manufactured to achieve ASTM E-84 Class 1 or Class A retardancy.**

### **COMPLIANCE WITH SEISMIC CODES**

**AWD Pro Series Baffle ceiling, when installed onto a seismic code compliant suspension grid with screw attachment through the wood backer to the grid will satisfy seismic code requirements. Consult with local codes or licensed engineer for any additional requirements.**

### **SUSTAINABILITY**

**AWD Pro Series Baffle systems are manufactured responsibly utilizing sustainable raw materials.**
